Amazon.co.uk: 5 gallon bucket

Stand for 5-gallon bucket: You'll want four buckets because you always need to have standbys for switching out. Plan on having at least four buckets for every toilet you use. As for the frame, it's optional, but it provides stability and can easily be built out of scrap wood. Just snap the lid on a bucket, throw in the first layer of bulk material, and DONE.

5 DIY Composting Toilet Ideas And Details To Consider ...

You can make DIY aquaponic system by reusing a five gallon bucket. Its easy to make. This is a very useful system, particularly if you are looking to live off the grid and this is a super simple system to set up. The best part is it uses mostly upcycled materials (so its not expensive to make).
