In the gripping sequel to the Philip K. Dick Award-winning novel *The Book of the Unnamed Midwife*, one woman undertakes a desperate journey to rescue the future. Etta comes from Nowhere, a village of survivors of the great plague that wiped away the world that was. In the world that is, women are scarce and childbearing is dangerous...yet desperately necessary for humankind's future. Mothers and midwives are sacred, but Etta has a different calling. As a scavenger. Loyal to the village but living on her own terms, Etta roams the desolate territory beyond: salvaging useful relics of the ruined past and braving the threat of brutal slave traders, who are seeking women and girls to sell and subjugate. When slavers seize those she loves, Etta vows to release and avenge them. But her mission will lead her to the stronghold of the Lion--a tyrant who dominates the innocent with terror and violence. There, with no allies and few weapons besides her wits and will, she will risk both body and spirit not only to save lives but also to liberate a new world's destiny.

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

"In the wake of the apocalypse, Flora has come of age in a highly gendered post-plague society where females have become a precious, coveted, hunted, and endangered commodity. But Flora does not participate in the economy that trades in bodies. An anathema in a world that prizes procreation above all else, she is an outsider everywhere she goes, including the thriving all-female city of Shy. Now navigating a blighted landscape, Flora, her friends, and a sullen young slave she adopts as her own child leave their oppressive pasta behind to find their place in the world. They seek refuge aboard a ship where gender is fluid, where the dynamic is uneasy, and where rumors flow of a bold new reproductive strategy."--

GSX-R600 (1997-2000)

Alan Seeley. Following on from the success of *The Motorcycle Book*, this extensively illustrated, all-color book provides comprehensive reference for all scooter owners and enthusiasts. From traditional to sports, through big-wheel and Super, all aspects of buying, riding, maintaining and tuning a scooter are included. Whether a beginner or experienced rider, the reader will find all the information they need to get on the road and stay on the road safely. There are detailed sections on how a scooter works and how to keep it running, with extensive maintenance and trouble-shooting chapters.

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make--from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-rods and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild--or just mad about motorcycles--there is only one Harley-Davidson, and this is the ebook for you.
