In Point, Click & Wow! you will find the insider knowledge of public speaking that we all need but were never taught. When Point, Click & Wow! was first published more than ten years ago, it quickly became the go-to resource for creating laptop presentations that have the "Wow" factor! Completely reworked and updated, this new third edition puts the focus on you, the presenter, who must create a winning presentation every time. Claudyne Wilder's groundbreaking book offers myriad new features and updated slide designs as well as illustrative stories and advice from executives. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

If you're vexed and perplexed by PowerPoint, pick up a copy of Fixing PowerPoint Annoyances. This funny, and often opinionated, guide is chock full of tools and techniques for eliminating all the problems that drive audiences and presenters crazy. There's nothing more discouraging than an unresponsive audience--or worse, one that snickers at your slides. And there's nothing more maddening than technical glitches that turn your carefully planned slide show into a car wreck. Envious when you see other presenters effectively use nifty features that you've never been able to get to work right? Suffer no more! Fixing PowerPoint Annoyances by Microsoft PowerPoint MVP Echo Swinford rides to the rescue. Microsoft PowerPoint is the most popular presentation software on the planet, with an estimated 30 million presentations given each day. So no matter how frustrated you get, you're not about to chuck the program in the Recycle Bin. Fixing PowerPoint Annoyances, presents smart solutions to a variety of all-too-familiar, real-world annoyances. The book is divided into big categories, with annoyances grouped by topic. You can read it cover to cover or simply jump to the chapter or section most relevant to you. Inside its pages you'll learn how to create your own templates, work with multiple masters and slide layouts, and take advantage of various alignment and formatting tools. You'll also learn how to import Excel data; insert graphics, PDF, and Word content; create, edit, and format organization charts and diagrams; use action settings and hyperlinks to jump to other slides; and add sound, video, and other types of multimedia to spark up your presentations. Entertaining and informative, Fixing PowerPoint Annoyances is filled with humorous illustrations and packed with sidebars, tips, and tricks, as well as links to cool resources on the Web.

Design winning presentations with the new version of PowerPoint Create dynamic and professional-quality presentations using sage advice, handy tips, and clear descriptions from PowerPoint expert Ellen Finkelstein. This book gives you that extra edge with best-practice design, layout, and organizational techniques that will make your presentations leap off the screen. In addition to in-depth coverage of new features, including the redesigned user interface, SmartArt diagrams, new special effects, and custom layouts, this must-have resource delivers everything you need to get started, organize your content, and add those finishing touches for a top-notch presentation. Make your point with well-crafted, clear content Design and save custom themes and layouts Create perfectly formatted tables and charts Include special effects like animation, 3-D, reflections, and soft edges Add music, video clips, and narration Convert bulleted text to diagrams using SmartArt graphics Protect presentation files with new security tools Deliver with confidence using the new Presenter View

Recent research on learning from multimedia presentations has indicated that the current way many people prepare their slide presentations may actually hinder learning. Considering the ubiquity of the PowerPoint presentation in business and in education, presenters should be concerned whether or not their audience members are effectively receiving the information they wish to impart. This issue is of special import for librarians who teach, as they often must convey complex information in a very limited amount of time. Combining the best evidence on multimedia learning with real-world practical guidelines, this book aims to provide novice and expert presenters alike with the tools they need to ensure an effective, learner-centred presentation. Presents guidelines and techniques based on evidence from the research literature Provides an easy-to-understand introduction to the relevant learning and instructional design theories behind effective, learner-centred presentations Covers techniques for Microsoft PowerPoint, Apple Keynote and Star Office Impress

The forms, letters, and other tools included in Marketing Kit For Dummies, 3rd Edition enable readers to start a successful marketing program from the beginning. The expert tips and information presented in the book take some of the mystery out of marketing and explain, step-by-step, how to implement and execute a successful marketing strategy. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.
