Earth System Kump 2nd Edition

The first book of its kind to address the issues of global change from a true Earth systems perspective, The Earth System offers a solid emphasis on lessons from Earth's history that may guide decision-making in the future. The authors' systems theory approach looks holistically at all that happens on Earth and the interactions of all that is here?such as the effect of weather on land, the effect of erosion on the ocean, the chemical changes that occur?and emphasizes that these processes ...
