EMIL I DETEKTIVI - CARNetov Portal za škole

Knjiga [Emil i detektivi] poznati je dječji roman njemačkog pisca za djecu Ericha Kästnera. Objavljen je 1929. godina i od tada je jedno od omiljenih štiva djece diljem svijeta. Roman počinje potpoglavljem u kojem je opisano zašto se radnja romana događa u gradu i bavi se životom gradske djece umjesto da se bavi neobičnim likovima i dalekim putovanjima, što je neobično za ...

Emil i detektivi kratka lektira | Lektira.hr

Emil i detektivi dječji je detektivski roman autora Ericha Kästnera. Roman možemo podijeliti na dva dijela. Prvi dio odnosi se na početak koji je pomalo neuobičajen. Pripovjedač nas upoznaje s tim kako je samo djelo nastalo. Navodi se važnost poznavanja onoga o čemu se piše i to je razlog zašto je glavni junak običan gradski dječak, to objašnjava zašto je radnja smještena u ...

On his first real train journey, travelling down to his grandmother in Berlin, Emil Tischbein is robbed of all his money. Emil gathers together a group of boys of his own age and sets out on the trail of the thief. Suggested level: primary, intermediate.

In documented detail, the author argues that the same interconnecting bloodlines have controlled the planet for thousands of years. Original.

First published in 1961 under the German title *Sadako Will Leben* (meaning *Sadako Wants to Live*), this non-fiction book by renowned Austrian children's writer Karl Bruckner is considered his most famous work. Telling the vivid story about a Japanese girl named Sadako Sasaki, who lived in Hiroshima and died of illnesses caused by radiation exposure following the horrific atomic bombing of the city in August 1945, the book has been translated into most major languages and has been used as material for peace education in schools around the world.

Two Yugoslav boys visiting Paris become involved with the theft of the Mona Lisa.

“Oz conjures up a fairy story in which we may well recognize ourselves, our history and our nations . . . be prepared simply to be enchanted.” *The Guardian* In a gray and gloomy village, all of the animals—from dogs and cats to fish and snails—disappeared years before. No one talks about it and no one knows why, though everyone agrees that the village has been cursed. But when two children see a fish—a tiny one and just for a second—they become determined to unravel the mystery of where the animals have gone. And so they travel into the depths of the forest with that mission in mind, terrified and hopeful about what they may encounter. From the internationally bestselling author Amos Oz, this is a hauntingly beautiful fable for both children and adults about tolerance, loneliness, denial, and remembrance. “In this swiftly moving fable, Oz creates palpable tension with a repetitive, almost hypnotic rhythm and lyrical language that twists a discussion-provoking morality tale into something much more enchanting.” *Booklist* “Short, poetic, and haunting, the book operates on a plane of mystery somewhere between fable and fairy tale . . . The great beauty of this story is the rhythm and clarity of its evocative language.” *New York Journal of Books* “From the whispered tales of a local monster to the brash, spunky heroes on a quest, internationally acclaimed Israeli author Oz litters his story with fairy-tale tropes that give this narrative a fable-like quality; the atmosphere is intriguingly secretive and shadowed, but the prose is measured and accessible and the length manageable.” *The Bulletin*

**** Reprint of the 1932 novel. Cited in BCL3. Annotation copyright by Book News, Inc., Portland, OR

ONCE upon a time very long ago there lived an old man in a glade in the midst of an ancient forest. His name was Witting, and he lived there with his three grandsons. Now this old man was all alone in the world save for these three grandsons, and he had been father and mother to them from the time when they were quite little. But now they were full-grown lads, so tall that they came up to their grandfather's shoulder, and even taller. Their names were Bluster, Careful and Quest
