Built on an inverted forest, paved with a tortoiseshell of boulders, Venice is a maze of tiny alleys, bridges and squares. Tiziano Scarpa wanders through the city, recounting the customs and secrets that only Venetians know. With everything from practical advice for aspiring Venetian lovers to hints at where to find the best bacaro, Scarpa waves the tourist in the right direction and, without naming a single restaurant, hotel or bar, relates the secret language needed to experience the real Venice. So ignore the street signs - why fight the labyrinth? Venice, the fish, is ready to swallow you whole.

Fish, Justice, and Society is a novel scholarly work that goes in depth into the fishing industry, fish, and aquatic environments. This book delves past the façade of what may be known by the average fisherman, bringing to the surface new information about numerous species and aquatic habitats.

This new edition of Harold Innis's essays, published on the occasion of his centenary, assembles his most significant and representative writing. Included are many of Innis's essays on cultural issues and economic development - subjects he explored throughout his life - that have not been readily accessible before.

Encompassing ancient mythology, medieval religion, boatbuilding, commerce, and cutting-edge climate science, this text shows the intricate tapestry of history in all its fascinating, astonishing complexity.
