~~Hacking Harvard~~
Hacking Harvard is a very interesting book. The reader takes a journey through a dangerous hack. The story is very interesting and attention-getting

Where To Download

throughout the book. The author, Robin Wasserman does a great job writing the book like creating accurate dialogue and interesting strategies used to hack Harvard. It all began with a bet.

Hacking is a huge concern in cybersecurity. It takes advantage of vulnerabilities in computer systems to provide sensitive information to the wrong people or organizations or to disable the operations of a

Where To Download

group. These security vulnerabilities are big business, and as a result, cybersecurity is a significant need going into the tech age.
