To be fair: there's good stuff in "Halo: Silentium," especially in the first 1/3, when it looks like Greg Bear is actually interested in telling a comprehensible narrative. However, when the rest of the book is as frustratingly opaque and devoid of any interesting or relatable characters as "Silentium" is, it's hard to want to give ...

The Forerunner Saga is a trilogy of science fiction novels by Greg Bear, based on the Halo series of video games. The books in the series are Halo: Cryptum, Primordium, and Silentium. The books were released in hardcover, e-book, paperback, and audiobook. Bear was given little restriction on the story of the novel; the Halo universe had not yet been explored in that time period. Cryptum received mixed reviews; some critics liked the Forerunner culture and suspense that Bear created, but others d
