Place the iris folding pattern into the middle of the white card. Using a pencil, carefully draw around the edge of the pattern. Try not to move the pattern around when you are drawing, as you want to draw a smooth, accurate outline of the iris folding pattern. 2) Cut out your aperture. Place a cutting mat on your table to protect your work surface.

[Easy Iris Folding Instructions & Free Patterns \(With Video...](#)

Iris folding is a card making technique that involves layering paper strips across a cutout shape following a printed template. Traditionally the paper strips form a 'swirl' shape similar to the iris of a camera, which is where the technique gets its name.
