"Beowulf: The Monsters and the Critics" was a 1936 lecture given by J. R. R. Tolkien on literary criticism on the Old English heroic epic poem Beowulf. It was first published as a paper in that year in the Proceedings of the British Academy, and has since been reprinted in many collections. Tolkien argues that the original poem has almost been lost under the weight of the scholarship on

Beowulf: A Translation and Commentary is a prose translation of the early medieval epic poem Beowulf from Old English to modern English. Translated by J. R. R. Tolkien from 1920 to 1926, it was edited by Tolkien's son Christopher and published posthumously in May 2014 by HarperCollins. In the poem, Beowulf, a hero of the Geats in Scandinavia, comes to the aid of Hroðgar, the king of the Danes, whose mead hall Heorot has been under attack by a monster known as Grendel. After Beowulf kills

style of folklore on the poem's themes.

New York Times bestseller "A thrill . . . Beowulf was Tolkien's lodestar. Everything he did led up to or away from it . . . Perhaps, in the dark of night, he already knew what would happen: that he would never publish his beautiful Beowulf, and that his intimacy with the poem, more beautiful, would remain between him and the poet—a secret love."—New Yorker The translation of Beowulf by J.R.R. make hasty corrections, but seems never to have considered its publication. This edition is twofold, for there exists an illuminating commentary on the text of the poem by the translator himself, in the written form of a series of lectures given at Oxford in the 1930s; and from these lectures a substantial selection has been made, to form also a commentary on the translation in this book. From his creative attention to detail in these lectures there arises a sense of the immediacy and clarity of his vision. It is as if he entered into the imagined past: standing

Beowulf

beside Beowulf and his men shaking out their mail-shirts as they beached their ship on the coast of Denmark, listening to the rising anger of Beowulf at the taunting of Unferth, or looking up in amazement at Grendel's terrible hand set under the roof of Heorot. But the commentary in this book includes also much from those lectures in which, while always anchored in the text, he expressed his wider perceptions. He looks closely at the dragon that would slay Beowulf "snuffling in baffled rage and injured greed when he discovers the theft of the cup"; but he rebuts the

Beowulf

notion that this is "a mere treasure story", "just another dragon tale". He turns to the lines that tell of the burying of the golden things long ago, and observes that it is "the feeling for the treasure itself, this sad history" that raises it to another level. "The whole thing is sombre, tragic, sinister, curiously real. The 'treasure' is not just some lucky wealth that will enable the finder to have a good time, or marry the princess. It is laden with history, leading back into the dark heathen ages beyond the memory of song, but not beyond the reach of

Beowulf

Anglo-Saxon poetry was produced between 700 and 1000 AD for an audience that delighted in technical accomplishment, and the durable works of Old English verse spring from the source of the English language. Michael Alexander has translated the best of the Old English poetry into modern English and into a verse form that retains the qualities of Anglo-Saxon metre and alliteration. Included in this selection are the 'heroic poems' such as Widsith, Deor, Brunanburh and Maldon, and passages

Beowulf

most valued sources. It is a work of genius, rare and surprising in the period, and it is worth studying. In BEOWULF we have an historical story about the pagan past. BEOWULF is not an actual picture of historic Denmark or Geatland or Sweden about A.D. 500. But it is, on a general view, a self-consistent picture, a construction bearing clearly the marks of design and thought. BEOWULF is, indeed, the most successful Old English heroic elegy."
