The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Major Brooke Grant must track down the double agent who is infiltrating the U.S. government in this international thriller from influential politician Newt Gingrich and Pulitzer Prize finalist Pete Earley. Brooke Grant has been waging war against terrorism since her parents were murdered during 9/11, keenly aware that violence transcends borders. But after a coordinated attack on the president at a Washington power broker's funeral, she realizes that the enemy is closer than she'd ever imagined, hiding in plain sight. The Falcon has gained a weapon no terrorist has ever wielded before: an American-born traitor burrowed inside the U.S. government itself. Major Grant's deadly chess match with the Falcon turns personal when he issues a fatwa against her and those she loves. Can she unmask the traitor and stop the Falcon's most skilled assassin sent to kill her before he strikes? Or will she fall victim to betrayal by a false friend in this gripping story of treachery, courage, and the patriotic fight against evil? In this realistic tale of modern-day treason, a nation fights for its life against an internal threat: a fanatical jihadist who uses liberty as a shield while trying to destroy the civilization created in its image. With decades of knowledge in national security and politics, only Newt Gingrich and Pete Earley could spin such a vivid mix of reality and fiction -- a page-turner that dares readers to guess where the line between the two is crossed.!---b--- span
