Students and faculty alike have attested to the extraordinary success rate of the Lippincott's Illustrated Reviews -- the unparalleled review texts that clarify the essentials students need to know for the Boards through an easy-to-use outline format. Now, this review series offers this updated Millennium Edition of Lippincott's Illustrated Review: Pharmacology, Second Edition that includes an updated and comprehensive insert containing information on important new drugs introduced since 1996. The index has been fully revised to reflect the additional information found within the text. Designed and edited by top educators, the book helps the student tie together the visual and cognitive elements of learning for superior recognition and recall. Many updated figures and tables, carefully crafted to complement and amplify the text, are completely integrated with the text. Infolink cross-references between the Pharmacology and Biochemistry volumes of the series, enabling students to interrelate the two disciplines.

Since 1975, the Oklahoma Notes have been among the most widely used reviews for medical students preparing for Step 1 of the United States Medical Licensing Examination. Completely revised and updated, these new editions of the Notes feature: More self- assessment questions, geared to the current USMLE format; more tables and figures to promote rapid self-assessment and review; low prices; and coverage of just the information needed to ensure Boards success.

Like other titles in the popular Lippincott® Illustrated Review Series, this text follows an intuitive outline organization and boasts a wealth of study aids that clarify challenging information and strengthen retention and understanding. This updated and revised edition emphasizes clinical application and features new exercises, questions, and accompanying digital resources to ready students for success on exams and beyond.
