With exams nearly over and schemes of work coming to an end, there may be time to do something slightly different in maths lessons.

Perhaps an investigation to apply the knowledge and skills students have acquired over the year, a project to

Get Free Mathematics

allow them to work creatively as a team to produce something special, or an enrichment activity to show pupils just how interesting maths can be.

math extension
program called Mighty
Minds. As part of the
program, she worked
with a second-grade
teacher to explain
“make 10” addition,
but the students
weren’t grasping the
concept. So Nguyen
decided to try
something different.
She guided the
students in creating
