Description. A fresh, modern approach to  
intermediate economics, this book breaks with  
tradition in a number of innovative ways. The  
author uses a game-theoretical and  
experimental point of view and presents an  
unfolding theme that provides a cohesive  
framework for the theory. In an effort to  
develop students' critical thinking, he asks  
them to question the theory they are learning  
and presents them with unsolved problems and  
unanswered questions in microeconomic theory  
to motivate the ...
