The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The fastest growing of these is Parkinson's: the number of people with Parkinson's doubled to over 6 million over the last 25 years and is projected to double again by 2040. In Ending Parkinson's Disease, four leading doctors and advocates offer a bold but actionable pact to prevent, advocate for, care for, and treat one of the great health challenges of our time. This is a critical guide for anyone who has or could be touched by this disease.
