NORAC 10th Edition

The rules cover employee responsibilities, signaling equipment, procedures for safe train movement, dealing with accidents and other topics that directly and indirectly affect railroad safety. These rules govern operation on main lines, defined as those with some form of block control system. The 10th edition of the NORAC operating rules went into effect on November 6, 2011.

## Norac Rules Test

By joining NORAC you would become  
part of our established membership base.  
Being completely independent from other  
parts of the asbestos industry we can take  
forward subjects that really matter to our  
members and present these at forums  
where we have an official presence e.g.  
ALG meetings and the UKAS Technical  
Committee.

## INDIANA HARBOR BELT RAILROAD COMPANY

NORAC was originally started by Colette Willoughby in 2011 in the North West as an informal meeting group for local asbestos inspection and testing bodies. Initially it was simply a platform for the sharing of experiences and ideas but, it soon became apparent that there were many shared issues regarding interpretation and implementation of regulations and guidance.
