Multimedia over IP and Wireless Networks is an indispensable guide for professionals or researchers working in areas such as networking, communications, data compression, multimedia processing, streaming architectures, and computer graphics. Beginning with a concise overview of the fundamental principles and challenges of multimedia communication and networking, this book then branches off organically to tackle compression and networking next before moving on to systems, wireless multimedia and more advanced topics. The Compression section advises on the best means and methodology to ensure multimedia signal (images, text, audio and data) integrity for transmissions on wireless and wired systems. The Networking section addresses channel protection and performance. In the Systems section, the focus is on streaming media on demand, live broadcast and video and voice's role in real-time communication. Wireless multimedia transmission and Quality of Service issues are discussed in the Wireless Multimedia section. An Advanced Topics section concludes the book with an assortment of topics including Peer-to-Peer multimedia communication and multipath networks. Up-to-date coverage of existing standards for multimedia networking Synergistic tutorial approach reinforces knowledge gained in previous chapters Balanced treatment of audio and video with coverage of end-to-end systems

This padded hardcover keepsake journal makes a great gift! Includes 124 guided pages to record your history. Cute quotes throughout and spaces to add photographs. Sections for baby memories, best friends, school days, family memories, vacations, teen years, marriage, and starting a family. Begins with "When I first found out I was pregnant with you, I thought" and finishes with the last page "You will always be my little girl because..."  
None of us plans to arrive in heaven without having done what God wanted us to do on earth. No, not one! We want to complete the tasks God has assigned us. This book is about how to fulfill your ministry. This book is a guide to how we may respond to the divine events in our lives - in order not to be found wanting on that day. May you fulfil your ministry and may God say to you, "Well done, good and faithful servant!"

Just when it seemed that Science and Reason had scored their greatest triumphs, the mid-nineteenth century witnessed an astonishing rebirth of occultism and anti-rationalism: the beginnings of the movement we now call New Age. A secret tradition of knowledge rejected by the Christian or Scientific establishments suddenly became emboldened to seek publicity and converts.

Presents the life and career of the internationally-acclaimed artist and humanitarian.
