SAVVY. This engine manual has been written in a format that is designed to meet the needs of Proton/Renault technicians worldwide.

## ~~Proton workshop Service Manual~~

The Savvy is also notable for being the first Proton car to undergo a publicly announced recall. On April 1, 2008, Proton Edar ordered the recall of all 34,000 Savvys on Malaysian roads (of which their production dates were before December 17, 2007) for an inspection and replacement of the rear wheel bearings , based on a parts defect found during random checks. [8] .
