With Wellington outnumbered, the bankrupt army's only hope of avoiding, collapse is a hidden cache of Portuguese gold. Only Captain Richard Sharpe is capable of stealing it—and it means turning against his own men.

An action-packed historical adventure from Bernard Cornwell's enthralling series on the Napoleonic Wars. A daring, impossible mission might just be their last hope. A year after the victory at Talavera, things are looking bleak. With Wellington outnumbered, the bankrupt army's only hope of avoiding collapse is a hidden cache of Portuguese gold. Only Captain Richard Sharpe is capable of stealing it—and it means turning against his own men.

A year after the victory at Talavera, Wellington's army, outnumbered and out of money, is on the verge of collapse. Its only hope lies in a cache of gold hidden in the Portugese mountains and the only man capable of stealing it is Captain Richard Sharpe.

An up-from-the-ranks officer in Wellington's army determines to capture one of the golden eagles possessed by each of Napoleon's battalions, his private revenge and a small part of the panorama of the epochal Battle of Waterloo.

At the height of the 1810 battle of Bussaco, captain Richard Sharpe finds himself separated from his company and lured into a trap from which he must escape in order to rejoin the conflict at the Lines of Torres Vedras and stop French invaders at Lisbon. By the author of Sharpe's Havoc. 100,000 first printing.

It is 1811 and the war seems lost. All Spain has fallen to the French, except for Cadiz which is now the Spanish capital and is under siege. Wellington and his British Army are in Portugal, waiting for the war to begin again. Sharpe and his company are part of a small expeditionary force sent to break a bridge across the River Guadiana.

"The greatest writer of historical adventures today." —Washington Post Critically acclaimed, perennial New York Times bestselling author Bernard Cornwell (Agincourt, The Fort, the Saxon Tales) makes real history come alive in his breathtaking historical fiction. Praised as "the direct heir to Patrick O'Brian" (Agincourt, The Fort), Cornwell has brilliantly captured the fury, chaos, and excitement of battle as few writers have ever done—perhaps most vividly in his phenomenally popular novels following the illustrious military career of British Army officer Richard Sharpe during the late 18th and early 19th centuries. In Sharpe's Prey, Sharpe must prove his mettle once again after performing courageously on Wellesley's battlefields in India and the Iberian Peninsula, as he undertakes a secret mission to Copenhagen, Denmark in 1807 to prevent a resurgent Napoleon from capturing the Danish fleet. Perhaps the San Francisco Chronicle said it best: "If only all history lessons could be as vibrant."

"The greatest writer of historical adventures today." —Washington Post Critically acclaimed, perennial New York Times bestselling author Bernard Cornwell (Agincourt, The Fort, the Saxon Tales) makes real history come alive in his breathtaking historical fiction. Praised as "the direct heir to Patrick O'Brian" (Agincourt, The Fort), Cornwell has brilliantly captured the fury, chaos, and excitement of battle as few writers have ever done—perhaps most vividly in his phenomenally popular novels following the illustrious military career of British Army officer Richard Sharpe during the late 18th and early 19th centuries. Chronicling Sharpe's involvement in the famous Battle of Trafalgar in 1805, Sharpe's Trafalgar finds the young ensign captive on a French warship and in gravest peril on the eve of the one of the most spectacular naval confrontations in history. Perhaps the San Francisco Chronicle said it best: "If only all history lessons could be as vibrant."

It is the spring of 1809 and a small British army is stranded when the French invade northern Portugal. Sharpe is cut off and tries to fight his way back to the British lines but instead is led into treacherous danger. When the future Duke of Wellington arrives to take command, he immediately mounts his own counter-attack. Sharpe becomes the hunter instead of the hunted. Amidst the wreckage of a defeated army, in the storm lashed hills of the Portuguese frontier, Sharpe takes a terrible revenge.

Richard Sharpe and his men, quartered in a crumbling Portuguese fort, are attacked by an elite French unit, led by an old enemy of Sharpe's, and suffer heavy losses. The army's high command blame Sharpe for the disaster and his military career seems to be ruined. His only hope is to redeem himself on the battlefield. So with his honour at stake, against an overwhelming number of French troops, Sharpe leads his men to battle in the narrow streets of Fuentes de Oñoro.
