Technology has begun to radically transform operations in the AEC industries. For Robert Yuen, CEO and Co-Founder of Monograph, he's developed a cloud-based project management application that's ...

"Practice Operations is a New Way of Thinking": Monograph's Robert Yuen on Design and Technology

Enterprise architects still have an important role to play at large incumbents, but they need to evolve in three ways.

How enterprise architects need to evolve to survive in a digital world

However, in the area of architecture-centered software maintenance, empirical research and technology transfer from academia to practice have been impeded by disjoint environments, redundant efforts, ...

CRI: CI-NEW: Collaborative Research: Constructing a Community-Wide Software Architecture Infrastructure

Landmark Information Group has announced the appointment of Rob Young, who joins the business as Group Software Engineering Director.

Landmark Information Group appoints Group Software Engineering Director to spearhead technology transformation agenda

We are a big practice, so often work on large projects and chunks of ... products specified and design decisions made – and also how this is supported by the 'software' – the processes that contribute ...

In Practice: Kitchen and washroom design for offices

Enscape, a leading provider of 3D real-time rendering and visualization technology for architects and designers, today announced new features that enable 3D renderings to be quicker and easier. With ...

Enscape 3.1 Helps Architects Bring Their Designs Closer to Reality with NVIDIA DLSS Support and a New Material Library

American cybersecurity firm, PC Matic, announced it has been selected by the National Insitute of Standards and Technology's ...

PC Matic Selected by NIST's National Cybersecurity Center of Excellence to Demonstrate Zero Trust Architectures

The visualization software at the time had a high barrier of entry, it was typically limited to a single CAD program, and it required months of slow-paced practice. Even then, producing lifelike ...

Render Technical Guide — Elevating the Design Process

Versa Networks, the leader in SASE, today announced that GigaOm ? a leading industry analyst firm providing technical, operational, and business advice for IT's strategic digital enterprise and ...

Versa SASE Named Industry Leader by GigaOm in "GigaOm Radar for Evaluating Secure Service Access" Report

The traditional practice of upgrading and replacing ... test-and-learn approach to innovation requires a technology architecture that can adapt easily to change, such as a cloud-based system that ...

How to Build a More Adaptive Supply Chain

Digital software and Artificial Intelligence has now provided young architects with new opportunities. There is a rapid transformation of architectural practice, shaped by the liberalized economy ...

Architecture and Environment Talk Series 2021 by SCAD

Seyfarth Shaw LLP's technology development team, Seyfarth Labs, has grown from around four team members to 15. Here, co-leader J. Stephen Poor talks to Law360 Pulse about how the pandemic accelerated ...

Seyfarth Labs Co-Head On Rising Need For In-House Tech

The latest trends in software development from the Computer ... Sherman warns that we're not completely there yet. Why is that? In practice, it's still difficult to manage services from ...

The ephemeral composable stack - Cloudinary: Modularity with opinionated clarity

"The team is composed of about 45 people, which span the remit of application architecture ... "We [software engineering] also can use these best practice offerings to give student interns ...

Deakin University is modernising its software delivery

Elekta is betting on big-data technologies and cloud-based software innovation to rewrite the rules of ... in radiation oncology – an opportunity to reimagine operational best practice in the planning ...

ProKnow's cloud-based architecture centralizes radiotherapy data while opening up user access

The practice operates the latest 'Autodeck Revit' BIM computer modelling software allowing realtime CAD design and 3D interactive presentation. The office also operates using 'Archetype' design office ...

Axis Architecture

QCon Plus is a virtual conference for senior software engineers and architects that covers the trends, best practices, and solutions leveraged by the world's most innovative software organizations.

Data-driven Development in the Automotive Field

can elevate architecture in a photograph. This is done by slowing down or increasing the shutter speed based on speed and trajectory of the object you are trying to blur. That being said, there is no ...

10 Architectural Photography Tips from a Pro

Software containers ... It will become part of the hybrid cloud practice in IBM's Global Business Services business. "Our clients require a cloud architecture that allows them to operate ...
