FIELD & STREAM, America’s largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

This open access book focuses on Switzerland-based medium-sized companies with a longstanding export tradition and a proven dominance in global niche markets. Based upon in-depth documentation and analysis of 36 Swiss companies over their entire history, an expert team of authors presents several parallels in the pathways and success factors which allowed these firms to become dominant and operate from a high-cost location such as Switzerland. The book enhances these insights by providing detailed company profiles documenting the company history, development, and how their relevant global niche positions were reached. Readers will benefit from these profiles as they compile a diverse selection of industries, mainly active within the B2B sector, with mostly mature companies (60 years to older than 100 years since founding) and different types of ownership structures including family firms. ‘Masterpieces of Swiss Entrepreneurship’ brings unique learning opportunities to owners and leaders of SMEs in Switzerland and elsewhere. Findings are based on detailed bottom-up research of 36 companies -- without any preconceived notions. The book is both conceptual and practical. It fosters understanding for different choices in development pathways and management practices. Matti Alahuhta, Chairman DevCo Partners, ex-CEO Kone, Board member of several global listed companies, Helsinki, Finland Start-up entrepreneurs need proven models from industry which demonstrate the various paths to success. “Masterpieces of Swiss Entrepreneurship” provides deep insights highlighting these models and the important trade-offs entrepreneurial teams must consider when choosing the path of high growth or of maximum control, as they are often mutually exclusive. Gina Domanig, Managing Partner, Emerald Technology Ventures, Zurich

The adored actress behind the character Nikki Newman of The Young and the Restless tells all in this scintillating memoir, divulging the insider details of her dramatic life and forty-year career. Melody Thomas Scott admits she is nothing like her The Young and the Restless role, which has seen it all in her forty-year tenure on America’s highest-rated daytime serial. But the high drama, angst, and catastrophes aren’t confined to her character’s plotlines. In this captivating memoir, Melody reveals behind-the-scenes tales of her own riveting journey to becoming an icon. As Nikki Newman went from impoverished stripper to resourceful, vivacious heroine—with missteps as gripping as her triumphs—Melody became a household name, entralling audiences across the globe. But her road to stardom also had to be one to freedom marked by an escape fit for cinema. In Always Young and Restless, Melody tells of her troubled, untraditional upbringing for the first time. Readers will learn how she suffered at home with her hoarder grandmother, whose cruelty as her manager is shockingly extreme; abuse at the hands of industry men; the intensity of acting in feature films with Alfred Hitchcock and Clint Eastwood; and how she finally took control of her life and career, in a getaway move as daring as any on The Young and the Restless. And of course, Melody divulges forty years’ worth of juicy on-and-off-set details of what it’s like to be one-half of the show’s most successful supercouple, “Niktor,” plus her personal path to healing, love, and family. In witty, warm prose, meet the shining, persevering heart of an American icon—and prepare to be moved by a life story fit for a soap opera star.

An action-packed series-starter perfect for fans of The Heroine Complex and Not Your Sidekick. “I didn’t know how much I needed this brave, thrilling book until it rocked my world. Dreadnought is the superhero adventure we all need right now.”—Charlie Jane Anders, author of All the Birds in the Sky Danny Tozer has a problem: she just inherited the powers of Dreadnought, the world’s greatest superhero. Until Dreadnought fell out of the sky and died right in front of her, Danny was trying to keep people from finding out she’s transgender. But before he expired, Dreadnought passed his mantle to her, and those secondhand superpowers transformed Danny’s body into what she’s always thought it should be. Now there’s no hiding that she’s a girl. It should be the happiest time of her life, but Danny’s first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father’s dangerous obsession with “curing” her girlhood, her best friend suddenly acting like he’s entitled to date her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she’s in over her head. She doesn’t have time to adjust. Dreadnought’s murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can’t sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction.
