The Digest Of Justinian Volume

The Digest of Justinian, Volume 1. When Justinian became sole ruler of the Byzantine Empire in A.D. 527, he ordered the preparation of three compilations of Roman law that together formed the Corpus Juris Civilis. These works have become known individually as the Code, which collected the legal pronouncements of the Roman emperors, the Institutes, an elementary student's textbook, and the Digest, by far the largest and most highly prized of the three compilations.

The Digest Of Justinian Volume 2 by FilomenaCambell - Issuu

The Digest of Justinian: Volume 2 by Charles Henry Munro. Originally published in 1903, this two-volume work contains an English translation of the first fifteen books of the Digest of Justinian, which formed one part of Roman civil law. Monro uses the Latin text edited by Theodor Mommsen, and translates Latin legal terms by using explanatory substitute words, not by giving the nearest approximation of the idea in English law.

This book collects Honoré's groundbreaking work on the composition of Justinian's Digest, among the most important texts in Roman Law. It reconstructs the methodology of the Digest's composition, and examines the broader issues raised by the Digest's creation - how it was conceived by its compilers, its purpose, and its impact.

"The Codex of Justinian is, together with the Digest, the core of the great Byzantine compilation of Roman law called the Corpus Iuris Civilis. The Codex gathers legal proclamations issued by Roman Emperors from the second to the sixth centuries C.E. Its influence on subsequent legal development in the Medieval and Early Modern world has been almost incalculable. But the Codex has not, until now, been credibly translated into English. This translation, with a facing Latin and Greek text (from Paul Kruger's ninth edition of the Codex), is based on one made by Justice Fred Blume in the 1920s, but left unpublished for almost a century. It is accompanied by introductions explaining the background of the translation, a

## File Type PDF The Digest Of Justinian Volume 2

bibliography and glossary, and notes that help in understanding the text. Anyone with an interest in the Codex, whether an interested novice or a professional historian, will find ample assistance here"--

Codified by Justinian I and published under his aegis in A.D. 533, this celebrated work of legal history forms a fascinating picture of ordinary life in Rome.

Provides a comprehensive description of the system of Roman law, discussing slavery, property, contracts, delicts and succession. Also examines the ways in which Roman law influenced later legal systems such as the structure of European legal systems, tort law in the French civil code, differences between contract law in France and Germany, parameters of judicial reasoning, feudal law, and the interests of governments in making and communicating law.
