A thought experiment in future-shock survivalism' Robert MacFarlane 'Gripping ... of all science fiction's apocalypses, this is one of the most haunting' Financial Times WITH AN INTRODUCTION BY ROBERT MACFARLANE A post-apocalyptic vision of the world pushed to the brink by famine, John Christopher's science fiction masterpiece The Death of Grass includes an introduction by Robert MacFarlane in Penguin Modern Classics. At first the virus wiping out grass and crops is of little concern to John Custance. It has decimated Asia, causing mass starvation and riots, but Europe is safe and a counter-virus is expected any day. Except, it turns out, the governments have been lying to their people. When the deadly disease hits Britain, society starts to descend into barbarism. As John and his family try to make it across country to the safety of his brother's farm in a hidden valley, their humanity is tested to its very limits. A chilling psychological thriller and one of the greatest post-apocalyptic novels ever written, The Death of Grass shows people struggling to hold on to their identities as the familiar world disintegrates - and the terrible price they must pay for surviving. John Christopher (1922-2012) was the pen name of Samuel Youd, a prolific writer of science fiction. His

novels were popular during the 1950s and 1960s, most notably *The Death Of Grass* (1956), *The World in Winter* (1962), and *Wrinkle in the Skin* (1965), all works depicting ordinary people struggling in the midst of apocalyptic catastrophes. In 1966 he started writing science-fiction for adolescents; *The Tripods* trilogy, the *Prince in Waiting* trilogy (also known as the *Sword of the Spirits* trilogy) and *The Lotus Caves* are still widely read today. If you enjoyed *The Death of Grass*, you might like John Wyndham's *The Day of the Triffids*, also available in Penguin Modern Classics.

"From the Bible through Dante and up to Treblinka and Guantánamo Bay, here is a rich source for nightmares." --The New York Times Book Review Three thousand years of visions of Hell, from the ancient Near East to modern America From the Hebrew Bible's shadowy realm of Sheol to twenty-first-century visions of Hell on earth, *The Penguin Book of Hell* takes us through three thousand years of eternal damnation. Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk--a monster with a thousand giant hands; wander the nine circles of Hell in Dante's *Inferno*, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter. Drawing upon religious poetry, epics, theological treatises, stories of miracles, and accounts of saints' lives, this fascinating volume of hellscape illuminates how Hell has long haunted us, in both life and death.

A collection of photographs from the burial grounds of Europe explores the beauty of cemeteries and the emotions the survivors of the dead placed into the making of the tombs, accompanied by a meditation on the death of his own parents by Dean Koontz. 60,000 first printing.
