Transcultural nursing - SlideShare And Models

Transcultural nursing is how professional nursing interacts with the concept of culture. Based in anthropology and nursing, it is supported by nursing theory, research, and practice. It is a specific cognitive specialty in nursing that focuses on global cultures and comparative cultural caring, health, and nursing phenomena. It was established in 1955 as a formal area of inquiry and practice. It is a body of knowledge that assists in providing culturally appropriate nursing care.
