This extraordinary overview of traditional and contemporary lomi-lomi massage offers a unique opportunity for readers to discover the value and wisdom of Hawaiian cultural healing practices. Richly illustrated, this book provides an intimate and easy to digest portrait of lomi-lomi from the perspective of the Hawaiian people. It contains new photos and a thorough presentation of many popular techniques, including the use of hot stones, plant medicines, and salt water. This new second edition is the only comprehensive source in print today on this unique Hawaiian art, and Author Nancy Kahalewai's entire approach is one of reverence and respect.

This glossy gift book with inspirational quotes shows stunning photographs of Hawaiian elders performing lomilomi massage, a combination of spiritual, mental, emotional, and physical healing. Featuring thirty-six traditional practitioners, including the world-renowned Auntie Margaret Machado and Kahu Abraham Kawai'i, this book vividly illustrates a system of healing through chant, prayer, forgiveness (ho'oponopono), herbal medicine, massage, back-walking, lomi sticks, hot stones, salt scrub, steam, fresh water, and the ha breath.

The ancient wisdom of Hawai'i has been guarded for centuries -- handed down through lines of kinship to form the tradition of Huna. Dating back to the time before the first missionary presence arrived in the islands, the tradition of Huna is more than just a philosophy of living -- it is intertwined and deeply connected with every aspect of Hawaiian life. Blending ancient Hawaiian wisdom with modern practicality, Serge Kahili King imparts the philosophy behind the beliefs, history, and foundation of Huna. More important, King shows readers how to use Huna philosophy to attain both material and spiritual goals. To those who practice Huna, there is a deep understanding about the true nature of life -- and the real meaning of personal power, intention, and belief. Through exploring the seven core principles around which the practice revolves, King passes onto readers a timeless and powerful wisdom.

Huna is ancient and at the same time magnificently modern. The mystical practice of Kahuna evolved in isolation on the island paradise of Hawaii. The ancient Hawaiians valued words, prayer, their gods, the sacred, the breath, a loving spirit, family ties, the elements of nature, and mana-the vital life force-ideas profound yet elegantly simple. Discovering the concepts of Huna is like finding gemstones in a mountain-a joyous journey!

*RACING WITH ALOHA* is part adventure tale, part spiritual memoir, enchanting anyone who loves the water, who longs for the timeless mystique of the Hawaiian Islands, and who relishes the idea that life can unfold effortlessly and exactly as it should. No one knows who first put a sail on a surfboard, but everyone would agree that Fred Haywood pioneered the sport of windsurfing. Few know he is also an Olympic contender who swam a record-breaking backstroke alongside his friend Mark Spitz. Before he discovered speed sailing, he surfed with the likes of Gerry Lopez, exploring exotic undiscovered surf spots around the world. Only his friends know how growing up on the island of Maui influenced him to carry his success with humility and generosity, stressing camaraderie over competition and preferring fun over fanfare. *RACING WITH ALOHA* weaves throughout the inspiration Fred Haywood's dad instilled in him, which blended a pervasive commitment to accomplishment with a liberating attitude that all is well, all the time. Fred embodied his father's lessons to become a professionally successful, easygoing, sincerely humble man who is respected and beloved by all—friends and competitors alike. *RACING WITH ALOHA* is a delightful story that will enchant anyone who loves or longs for the timeless mystique of the Hawaiian Islands. Young readers will delight in the story of a youth who swam with sharks—by accident, of course—and who was as surprised as his coach and teammates to find himself featured in *Sports Illustrated* magazine. Water aficionados will long for the days of surfing undiscovered beaches. And the countless windsurfing enthusiasts who trekked to Maui in the 1980s, following in Fred's wake, will relish the memories he shares of windsurfing Ho'okipa, the legendary beach still boasting some of the biggest waves in the world.

The wisdom and spirituality of Hawaiian elders is a facet of Hawaiian culture that outsiders rarely see or truly understand. New Age veteran Sondra Ray and her personal guide, Auntie Pua, act as messengers of the Aloha spirit, sharing the sacred teachings of the Kahunas — the “transmitters of secrets” — through kitchen-table style storytelling and first-hand adventures. The ancient rituals and basic tenets of the Huna way — loving oneself, nurturing other beings and the land, and living in harmony with all of life — provide a powerful code of transformation, leading to a deeper spiritual life more in tune with the rhythms of the natural world. By identifying the three core selves present in everyone, and in coordinating the way the three selves interact, readers learn to control their own reality — this is the Huna Way.

Lomilomi is a way of life that weaves a path of Aloha in all you do. Both Ends of the Rainbow shares this healing journey and how you can find your life's purpose through Gloria's inspiration. Exquisitely illustrated through stories shared by the author and the hawaiian teachers along with with beautifully depicted photos of this healing art. You will feel like you traveled to hawaii with Gloria Coppola.
